Standardized Post-Election Report

Draft by Paul Malischke March 3, 2007

Registration

Number of Election Day registrants: _____

Number of registration forms that could not be processed due to defective form _____

Action taken on these defective forms. _____

Sending out address verification cards: number of cards returned as undeliverable _____

Number of cards turned over to the District Attorney _____. Date the cards were turned over to the DA _____

(Explanation: Wisconsin statutes requires that address verification cards are sent to individuals who register at the polls and to provide the local district attorney with the names of any Election Day registrants whose cards are undeliverable at the address provided. The Legislative Audit Bureau 2005 report found that nearly half of the clerks did not send the cards for the November 2004 election.)
